### **CZA Approved Proposal to Set up India's White Tiger Breeding Centre in MP**

In January 2025, New Delhi(Delhi) based the Central Zoo Authority (**CZA**), Ministry of Environment, Forest and Climate Change(MoEFCC), has approved the proposal to set up **India's 1st white tiger breeding centre** in Govindgarh area of **Rewa** district in Madhya Pradesh (**MP**).

- The approval follows the recommendations made by the expert committee of CZA during its 114th meeting held in December, 2024 and subsequently by the technical committee during its 112th meeting held in December, 2024.
- This new white tiger breeding facility will be developed as part of the **revised Master (Layout) Plan** of Maharaja Martand Singh Judeo White Tiger Safari and Zoo, Mukundpur, Satna (MP).

**Note:** In 2011, the Government of India (**GoI**) gave its in-principle approval to establish a breeding centre for the white tigers in MP as part of conservation efforts.

#### **Background:**

- The 1st white tiger was spotted in Vindhya region of MP in 1915. But, later it died in 1920.
- In 1951, Maharaja Martand Singh, former ruler of Rewa found a white tiger in Govindgarh jungle and named it 'Mohan'. He initiated the conservation efforts that led to protection and breeding of white tigers in the area.

#### **About White Tiger:**

- White tiger is not a separate sub-specie of tiger. It is a color variant of the Bengal Tiger (scientific name: *Panthera tigris tigris*), the Siberian tiger or Amur tiger (Scientific name: *Panthera tigris altaica*), or a hybrid between the two subspecies of tiger.
- It is characterized by white fur, dark brown or black stripes and blue eyes.
- The white color of the fur is due to the genetic mutation called '**leucism**'.

#### **Points to Note:**

- According to the tiger census of 2022, MP has the highest number of Tigers followed by Karnataka, Uttarakhand and Maharashtra respectively.
- In 2016, the world's first white tiger safari was established at Mukundpur in Satna district in MP in 2016.

**Note:** In terms of **global GDP**, **India** is positioned at the **5th** spot behind the USA, China, Germany, and Japan.

### Methodology:

i. The rankings of the top 10 most powerful countries list out of 195 in the world in 2025 was compiled by US News and World Report on the basis of score obtained from 5 parameters that denote a country's power –

- A leader
- Economical influence
- Political influence
- Strong international alliances
- A strong military

ii. The ranking methodology was developed by Brand Asset Valuator (**BAV**) Group, which is a unit of global marketing communications company **WPP**, and researchers led by Professor David Reibstein from the Wharton School of the University of Pennsylvania (Pennsylvania, USA) in association with US News and World Report.

### Key Highlights:

- i. The USA is a leading power in various sectors such as technology, finance, and entertainment.
- ii. China excels in its Belt and Road Initiative and technological contributions particularly in artificial intelligence (AI) and 5G.
- iii. Russia has a strong geopolitical influence supported by its vast natural resources and military strength.
- iv. The United Kingdom (UK) leads in making new trade agreements and economic partnerships with London being a hub for numerous startups.
- v. Germany leads in the Renewable Energy (RE) initiatives.
- vi. India's rank is a result of its improving economic conditions, strong international alliances and military strength.

### Top 5 Powerful Countries in 2025:

Rank	Country	GDP	Region

### India Tops Global List in Passenger Loads on Domestic Flights: IATA Report

In January 2025, Montreal (Canada)-based International Air Transport Association (**IATA**) released its '[Full-year and December 2024 international passenger market performance data](#)', showing record-high demand for air travel. As per the report, India's domestic flights have recorded a Passenger Load Factor (**PLF**) of **86.4%** in 2024 (down by 0.6% point compared to 2023), the highest among all domestic markets.

- India has surpassed the United States of America (**USA**) (**84.1%**) and **China** (**83.2%**), are ranked at **2nd** and **3rd** position respectively.
- As per Directorate General of Civil Aviation (**DGCA**)'s data, the aviation sector in India witnessed 163 million passengers boarding domestic flights in 2024.

### Key Findings :

i. Brazil secured 4th spot with a PLF of 81.9%, followed closely by Australia (81.8%) and Japan (78%) ranked at 5th and 6th spot respectively.

ii. IATA's domestic full-year traffic report revealed that domestic-full year demand reached record highs in terms of passenger numbers and load factors.

- Domestic full-year traffic for 2024 increased 5.7% compared to previous year while capacity increased by 2.5%.

iii. China once again emerged as the standout performer for domestic Revenue Passenger Kilometer (RPK), which has increased by 12.3% in 2024 compared to 2023.

- Japan recorded 3.2% growth while capacity declined by 0.3%.

iv. Domestic RPKs represented about 38.2% of the total market in 2024.

### Other Key Findings:

i. **Total full-year traffic:** The report showed that the total full-year in 2024 measured in RPKs has increased by 10.4% compared to 2023. This increase was 3.8% above pre-pandemic (2019) levels.

- The total capacity measured in Available Seat Kilometers (ASK) has increased by 8.7% in 2024.
- As per the report, the overall **PLF reached 83.5%** in 2024, a record for full-year traffic.

ii. **International full-year traffic:** As per the report, international full-year traffic increased 13.6% in 2024 compared to 2023, and the capacity increased by 12.8%.

- Also, full-year international traffic for year 2024 has surpassed the previous record of 2019 by 0.5%, with growth in all regions but capacity was 0.9% lower than 2019.
- The load factor improved by 0.5%, to 83.2%, a record high.

iii. **December 2024:** The report further highlighted that December month of 2024 was a strong finish to the year with overall demand increasing 8.6% Year-on-Year (Y-o-Y) and capacity has increased by 5.6%. December load factor reached 84%, a record high for any month.

- International demand in December 2024 has increased by 10.6%, capacity increased by 7.7% and the PLF improved by 2.2% points (compared to December 2023) to 83.9%.
- As per the report, domestic demand increased by 5.5% in 2024 compared to previous year.

iv. Percentage share of region carriers of total passenger market for 2024 in terms of RPK are: Asia Pacific (33.5%), Europe (26.7%), North America (22.9%), Middle East (9.4%), Latin America (5.3%) and Africa (2.2%).

**Mali, Burkina Faso & Niger Officially Withdraw from ECOWAS**

In January 2025, Abuja(Nigeria) based Economic Community of West African States (ECOWAS) officially acknowledged the **exit** of three West African Countries – **Republic of Mali, Burkina Faso, and Republic of Niger** from the regional economic bloc.

- The split occurred after the three departing countries rejected ECOWAS's demands to restore civilian rule. Their leaders have criticized ECOWAS, saying it is too influenced by France, their former colonial ruler.
- ECOWAS has advised its remaining 12 members to **keep recognizing the passports of these three countries** and continue trade with them until further instructions are given.

**Points to Note:**

i. The relationship between the three countries and ECOWAS worsened after a coup in July 2023 that removed Niger's President Mohamed Bazoum.

- ECOWAS has firmly opposed the military takeovers and imposed sanctions on these nations.

ii In reaction, Niger, Mali, and Burkina Faso decided to leave ECOWAS in January 2024.

- They **accused the bloc** of not protecting its member countries and being too close to foreign nations

iii. The three countries formed the **Alliance of Sahel States** in September 2024 to strengthen security cooperation. They are currently under military rule after experiencing coups in recent years.

- The Sahel states are nations located in Africa's Sahel region.

**About Economic Community of West African States (ECOWAS):**

The ECOWAS is a political and economic alliance of West African nations, **established on 28 May 1975** through the Treaty of Lagos to enhance regional economic integration.

### **Gujarat CM Launched Sensex F&O Contracts on India INX at GIFT City**

In February 2025, **Bhupendra Patel**, Chief Minister (CM) of Gujarat launched Sensex Future & Options (**F&O**) contracts on the India International Exchange (**India INX**), India's first international stock exchange platform and subsidiary of Bombay Stock Exchange Limited (**BSE**) at Gujarat International Finance Tech-City- International Financial Services Centre (**GIFT-IFSC**) in Gandhinagar, Gujarat.

- This new offering will allow the international investors to trade and settle BSE derivatives in United States Dollar (**USD**), facilitating greater participation from global traders and investors.
- This will also enable the global investors to trade India's benchmark equity index without currency conversion risks.

#### **Key Points:**

i. The contracts will trade for **22 hours per day**, which is in alignment with global markets and expanding access to Indian equities through tax friendly regime of GIFT City.

ii. Foreign investors also include Non-Resident Indians (**NRI**s) and they can also participate in this new product offering without requirement of an Indian tax identification number i.e. Permanent Account Number (**PAN**).

**Note:** F&O derivatives are the financial derivatives that permit traders to speculate on asset price movements without owning the asset itself. It includes underlying assets such as stocks, bonds, commodities, among others.

#### **About India International Exchange (India INX):**

It is India's 1st international exchange established at GIFT City in 2017. It offers global investors with a wide range of investment opportunities in a regulated, tax-efficient, and technologically advanced environment. ### **RBI Imposed Penalties on ESFBL and IPPB for Regulatory Non-Compliance**

In February 2025, the Reserve Bank of India (RBI) imposed **penalties** on Chennai (Tamil Nadu, TN) based Equitas Small Finance Bank Limited (**ESFBL**) and New Delhi (Delhi) based India Post Payments Bank Limited (**IPPB**) for failing to comply with regulatory guidelines.

- ESFBL was fined **Rs 65 lakh** for non-compliance with directions on 'Levy of Foreclosure Charges/Pre-payment Penalty on Floating Rate Term Loans' and 'Credit Flow to Agriculture – Collateral-free agricultural loans.'
- IPPB was penalized with **Rs 26.70 lakh** for deficiencies in adhering to the 'Customer Service in Banks'.
- Further, a penalty of **Rs 3.10 lakh** has also been imposed on Chennai based Aptus Finance India Private

Limited for contravention of certain provisions of norms related to Non-banking Financial Companies (NBFCs).

### **SEBI Proposes New Combo Product: MFs with TLI**

In January 2025, Mumbai (Maharashtra) based Securities and Exchange Board of India (SEBI), the capital market regulator, is planning to introduce a new financial product that combines **Mutual Funds (MFs)** investments with **Term Life Insurance (TLI)**.

- The announcement was made by SEBI Chairperson, **Madhabi Puri Buch** aiming to enhance Systematic Investment Plans (**SIPs**) in rural areas.
- i. The product would enable customers to combine life insurance with MFs investments, offering a more affordable and appealing solution that promotes financial inclusion in underserved regions.
- ii. Additionally, SEBI is working on the **"Pay Right" initiative**, which will help investors verify the authenticity of Unified Payments Interface (UPI) payments through Know Your Customer (KYC) checks, reducing the risk of digital fraud.

## **ECONOMY & BUSINESS**

### **CRISIL: India's GDP to grow at 6.5% in FY26; CAD widen to 1.3%**

According to the **CRISIL Ratings Limited** (formerly Credit Rating and Information Services of India Limited) latest report, India's Gross Domestic Product (**GDP**) is projected to grow by **6.5%** in the Financial Year 2025-26 (**FY26**), marginally higher than the 6.4% growth estimated for current financial year (FY25).

- On the external front, India's Current Account Deficit (**CAD**) is expected to widen from 1.0% of GDP (in FY25) to **1.3% (in FY26)** due to export headwinds from trade policies of the United States of America(USA).

### **Key Findings:**

- i. The report highlighted that the government spending will continue to support economic growth of the country, the overall fiscal consolidation stimulus will decrease as fiscal consolidation progresses.
  - The report outlined **private sector investments** as a key factor in influencing growth but, it need to pick up momentum.
- ii. The report has projected that Consumer Price Index (**CPI**) will ease further from 4.7% (in FY25) to **4.4% (in FY26)**. This decrease will mainly be driven by expectations of a normal monsoon, a high base effect in food inflation, and softer international commodity prices.
  - However, non-food inflation might witness a marginal increase to an adverse base effect.
- iii. As per the report, India's **fiscal deficit**, which stood at **5.6%** of GDP in FY24, is projected to decrease to 4.8% (in FY25) and further to **4.4% (in FY26)**.

- This decline will be possible by regulated revenue spending while maintaining a strong focus on capital expenditure.
- However, a strong services trade balance, steady remittances, and lower crude oil prices will help in preventing sharp increase in the deficit.

iv. The Indian Rupee (INR) is projected to depreciate gradually, averaging Rs 86 per USD in FY25 and Rs 87 per in USD in FY26.

- While the CAD remains stable, international geopolitical uncertainties could lead to fluctuations in the currency markets.

**Note:** CAD is also known as trade deficit, which occurs when the total import value of goods/services of a country exceeds the total export value of that country. It is calculated as a percentage of GDP.

## SCIENCE & TECHNOLOGY

### MoR Launches 'SwaRail' SuperApp for Beta Testing

In January 2025, the Ministry of Railways (**MoR**) introduced the '**SwaRail**' SuperApp (application), which serves as a one-stop solution for Indian Railways (IRs) services.

- It was developed by the New Delhi (Delhi) based Centre for Railway Information Systems (**CRIS**) to improve digital infrastructure and provide convenient access to a wide range of railway-related services.

- The app is currently in its beta testing phase and is available for download on both Google Play Store and Apple App Store.

i. The SuperApp offers Single Sign-On, allowing users to access all services with one set of credentials. Moreover, the same credentials will be used to access existing Indian Railways apps.

ii. It integrates ticket booking, Passenger Name Record (PNR) status, food ordering, more for a simplified experience and can be accessed using Mobile Personal Identification Number (MPIN) or biometric authentication.

iii. It aims to offer a seamless and user-friendly experience, integrating multiple railway services into one platform, reducing the need for several individual apps.

### Researchers Discover 2 New Green Cardamom Species in Western Ghats

In February 2025, an international team of researchers discovered two new species, '*Elettaria facifera*' and '*Elettaria tulipifera*', closely related to the "Queen of Spices," green cardamom (*Elettaria cardamomum*), in the **Western Ghats** of **Kerala**. This discovery contributes to both spice production and conservation efforts.

- The findings have been published in the paper "The Cardamom Conundrum Resolved: Recircumscription and Placement of *Elettaria* in the Only Pantropically Distributed Ginger Lineage," featured in the journal **Taxon**.
- The international research team, comprising experts from India, Denmark, Colombia, the Czech Republic, Singapore, Sri Lanka, and the United Kingdom (UK), includes Mamiyil Sabu, a Council of Scientific & Industrial Research (CSIR)-Emeritus Scientist (ES) at **Kerala State Council for Science, Technology and Environment (KSCSTE)**-Malabar Botanical Garden and Institute for Plant Sciences, Kozhikode, Kerala.

**Note:** The researchers have discovered six species closely related to *Elettaria cardamomum*, four of which were previously classified under the genus '*Alpinia*' but have now been reclassified under *Elettaria*.

#### About New Species:

The genus name '*Elettaria*' originates from the old Malayalam name "Elletari," as recorded by Hendrik van Rheede in his 17th-century botanical treatise *Hortus Malabaricus*.

i. ***Elettaria facifera*** is characterized by sessile leaves, erect flowering shoots that are separate from the leafy shoots, and a pure white labellum adorned with purple-red markings.

- It is found in the **Periyar Tiger Reserve**, located in the Idukki district of Kerala.

ii. ***Elettaria tulipifera*** is distinguished by its striking tulip-shaped inflorescence and large, bright to dark red, whorled bracts.

- It is found in the **Agasthyamalai Hills** in Thiruvananthapuram district and **Munnar** in Idukki district of Kerala.

iii. With the recent reclassification, the *Elettaria* genus now comprises seven species, including *Elettaria cardamomum*, *E. ensal*, *E. floribunda*, *E. involucrata*, and *E. rufescens*.

iv. The seed capsules of *Elettaria cardamomum* are the source of commercially available green cardamom.

#### About Cardamom production:

- Guatemala is the world's largest producer of cardamom, followed by India and Tanzania.
- In India, cardamom is primarily cultivated in Kerala followed by Karnataka and Tamil Nadu(TN).

#### About Kerala:

Chief Minister (CM) – Pinarayi Vijayan

Governor – Rajendra Vishwanath Arlekar

## IMPORTANT DAYS

### World Cancer Day 2025 – February 4

World Cancer Day (WCD) is observed annually on **February 4** across the globe to raise awareness of fundamental cancer issues and promote efforts in prevention, detection, and treatment.

- WCD is an international campaign that serves to honor those impacted by cancer and drive actions that can shape a better future for cancer care.

## Theme 2025:

i. The campaign theme of WCD 2025-2027 is “**United by Unique**,” emphasizes the importance of personalized, patient-centered care in the battle against cancer.

- It highlights the need to tailor treatments to the individual needs of each patient, recognizing that every cancer journey is unique.

ii. This 3-year campaign will center on the personal experiences of cancer patients, survivors, and caregivers.

## Background:

i. On February 4 1999, the ‘Charter of Paris’ consisting of 10 articles, was adopted at the World Summit Against Cancer for the New Millennium in Paris, France.

ii. Under Article X, WCD was officially proclaimed to be observed annually on February 4.

- The first-ever WCD was observed on **February 4 2000**.
- February 4 2025 marks 25 years of signing the Charter of Paris Against Cancer.

iii. The Charter of Paris emphasizes the importance of international cooperation in addressing these challenges, reinforcing the idea that collective global action is essential in the fight against cancer.

iv. WCD is an initiative led by the Union for International Cancer Control (**UICC**), established in **2000** to bring together and support the cancer community globally.

## What is Cancer?

i. Cancer is a group of diseases characterized by the uncontrolled growth which occurs in any organ of the body and spread of abnormal cells through the blood and lymphatic systems.

ii. **Common types** include lung, breast, prostate, colorectal, and skin cancer, with **lung cancer** being the deadliest worldwide due to its high mortality rate.

## Cancer Ribbon:

i. A lavender ribbon is universally recognized as a symbol of support for individuals battling all forms of cancer.

ii. The official colors of WCD are **blue and orange**, symbolizing hope, solidarity, and action in the fight against cancer.

## WHO Report:

According to the World Health Organization (**WHO**):

i. The South-East Asia Region reported **2.4 million** new cancer cases in 2022, including 56,000 cases in children, and 1.5 million deaths.

ii. Among all WHO regions, South-East Asia has the highest incidence of lip and oral cavity cancers, uterine cervix cancers, and childhood cancers.

- The region has seen the **fastest rate of decline** in tobacco use, a major risk factor for several high-burden cancers.

iii. It is estimated that by 2050, the number of new cancer cases and deaths in the region will increase by **85%**.

iv. Cancer services are included in health benefit packages in only 6 countries, and cervical cancer screening coverage is below the **70%** target in 7 countries.

v. **Bhutan** completed a successful Health Flagship project in 2020, where over **90%** of target populations were screened for gastric, cervical, and breast cancer.

vi. WHO is addressing these challenges through the WHO South-East Asia Regional Strategy for Comprehensive Cancer Prevention and Management (2024-2030), which emphasizes a people-centered approach.

**Note:** The International Agency for Research on Cancer (**IARC**) headquartered in Lyon, France is the cancer agency of WHO.
